

OREGON UROLOGICAL SOCIETY ANNUAL MEETING

Friday, August 18, 2023

4:00pm – 5:30pm		Exhibitor Move-in	
6:00pm – 7:30pm		Executive Board meeting <i>(Members welcome)</i>	
7:30pm – 9:30pm		Featured Social Event	

Saturday, August 19, 2023

7:00am – 1:00pm		Registration OPEN	
7:00am – 8:00am	BREAKFAST	Visit Exhibits	
8:00am – 8:05am	Brian Duty, MD, MBA	Welcome and Introduction	
8:05am – 8:50am	Drew Petersen, MD	Keynote Presentation: The end-stage lower genitourinary tract after lifesaving cancer therapy, incidence, presentation, diagnosis and management Learning objectives: <ol style="list-style-type: none">1. Describe and understand the various side effects that can arise immediately and in the long term from radiation to the lower genitourinary tract including fistula, stricture, voiding dysfunction and incontinence.2. Treat and longitudinally follow patients who have side effects from radiation therapy including surgical, medical and long-term follow-up.3. Incorporate surgical options for patients with lower genitourinary and upper genitourinary tract side effects from radiation therapy into practice.	

OREGON UROLOGICAL SOCIETY ANNUAL MEETING

<p>8:50am – 9:45am</p>	<p>Moderator: Ken Berger, MD</p> <p>Panelists: Daniel Furlong, MD Chris Koprowski, MD Robert Laciak, MD Jim Loos, MD</p>	<p>BPH - Choosing the right surgery for the right patient. 40/80/150 – BPH expert panel</p> <ul style="list-style-type: none"> • <i>Robotic procedure removing prostate tissue using the power of water</i> • <i>Urethral Drug Coated Balloon</i> • <i>Prostatic Urethral Lift</i> • <i>Water vapor therapy</i> • <i>Laser TURP</i> • <i>Holmium laser prostate surgery</i> <p>Learning objectives:</p> <ol style="list-style-type: none"> 1. Illustrate the variety of options to surgically manage lower urinary tract symptoms due to bladder outlet obstruction from benign prostatic hyperplasia 2. Identify patient characteristics and procedure risks to choose an optimal treatment 3. Recognize the durability of treatment options and the rate and timing of possible retreatment
<p>9:45am – 10:15am</p>	<p>Suzette Sutherland, MD</p>	<p>Guest speaker: Surgical management of SUI: Sling or Bulk?</p> <p>Learning objectives:</p> <ol style="list-style-type: none"> 1. Describe the difference in common treatment options for stress urinary incontinence (urethral bulking injection vs midurethral sling)
<p>10:15am – 10:45am</p>	<p>BREAK</p>	<p>Snacks & Beverages in Exhibit Hall</p>
<p>10:45am – 11:15am</p>	<p>Sarah Hecht, MD</p>	<p>Work Smarter, Not Harder: Leveraging the EMR to Optimize Clinical Efficiency</p> <p>Learning objectives:</p> <ol style="list-style-type: none"> 1. Outline a framework for identifying and correcting inefficiencies. 2. Provide practical tips to minimize time spent in the EMR. 3. Review specific examples of efficiency "quick wins" from varied practice types. 4. Inspire collaborative problem-solving and strategy-sharing.

OREGON UROLOGICAL SOCIETY ANNUAL MEETING

11:15am – 11:45am	Nina Davis, MD Suzette Sutherland, MD Christy Godwin, MD	3rd Line OAB treatments Beyond Pharmaceuticals: eCoin, clinical based implants, sacral neuromodulation implants, Botox Learning objectives: <ol style="list-style-type: none"> 1. Describe how neuromodulation devices are used for OAB 2. Describe the current non-pharmaceutical treatment options available for overactive bladder 3. Discuss current research around non-pharmaceutical treatment options for overactive bladder
11:45am – 12:15pm	Sudhir Isharwal, MD	Focal therapy of prostate cancer Learning objectives: <ol style="list-style-type: none"> 1. Rationale for focal therapy treatment of prostate cancer 2. Available focal therapy modalities 3. Treatment outcomes of the focal therapy treatment of prostate cancer.
12:15pm – 1:00pm	LUNCH	Visit Exhibits
1:00pm - 1:30pm	Suzette Sutherland, MD	Global Health Initiatives with FPMRS
1:30pm – 2:00pm	Brian Duty, MD, MBA	Urology State and National Advocacy Highlights Learning objectives: <ol style="list-style-type: none"> 1. List and discuss local, regional, and national legislative actions/inactions impacting urology 2. Describe how to advocate effectively for your patients and practice
2:00pm – 2:30pm		Hot Topic Roundtable including: <ul style="list-style-type: none"> • Access to fluoroscopy in ER • CMS proposed rules • Level Rx • Others identified by conference attendees
2:30pm		Adjourn
5:00pm – 6:00pm		Women in Urology Social
5:30pm – 7:00pm		Featured Social: Fiesta event <i>Including salsa making contest (6:00pm)</i>

OREGON UROLOGICAL SOCIETY ANNUAL MEETING

Sunday, August 20, 2023

7:00am – 11:00am		Registration OPEN	
7:30am – 8:05am		BREAKFAST and Visit Exhibits	
8:05am – 8:10am	Brian Duty, MD, MBA	Opening Remarks	
8:10am – 8:45am	Drew Petersen, MD	Keynote Presentation: Contemporary management of urethral stricture disease; presentation and management with emphasis on the current guidelines Learning objectives: <ol style="list-style-type: none">1. Understand and describe the different areas of the urethra and the differences in disease process between the meatal, pendulous, bulbar and proximal urethra.2. Choose between various surgical reconstructive options for stricture with respect to location in the urethra.3. Provide care to patients with urethral stricture disease as outlined by the recent AUA guidelines.4. Follow patients longitudinally after reconstruction of urethral stricture disease	
8:45am – 9:15am	Nina Davis, MD	Presurgical Preemptive Pain Management for the Patient with UCPPS Learning objectives: <ol style="list-style-type: none">1. to review the epidemiology and characterization of pelvic pain syndromes2. to present case-based discussions elucidating perioperative pelvic pain management3. to generalize the discussion to management of chronic pain syndromes	

OREGON UROLOGICAL SOCIETY ANNUAL MEETING

9:15am – 9:45am	Marshall Strother, MD	The role of lymphadenectomy in the treatment of urologic cancer Learning objective: 1. To critically evaluate the current evidence for the benefits of lymphadenectomy in urologic cancer - to discuss the risks and side effects of lymphadenectomy	
9:45am – 10:15am	BREAK	Visit Exhibits	
10:15am – 10:45am	Brian Duty, MD, MBA	Advances in Ureteroscopy techniques Learning objectives: 1. Describe the most recent advances in ureteroscopy technologies	
10:45am - 11:00am	Sarah Hecht, MD	Outcomes of adolescent testicular torsion	
11:00 am – 11:30am	Sudhir Isharwal, MD, MBA	Role of cytoreductive nephrectomy in advanced kidney cancer Learning objectives: 1. Understand the value of cytoreductive nephrectomy 2. Determine which patients may benefit most from cytoreductive nephrectomy	
11:30 am		General ADJOURN (Exhibitor Move-Out)
